Indonesia, Surabaya, Perum Puri Mas Jl. Ubud F-16/1

A high-achieving undergraduate student, majoring in Data Science and Analytics at Petra Christian University, maintaining a 3.88 GPA. My academic record includes top 'A' grades in core subjects such as Artificial Intelligence and Machine Learning, Databases, and Algorithms, providing a strong foundation for end-to-end project development. Proficient in Python, R, and SQL, with additional experience in full-stack web technologies including Laravel, PHP and JavaScript. I am excited to pursue an internship where I can use my analytical skills and technical knowledge to contribute to projects that have a real and meaningful impact.

Education Level

Petra Christian University - Surabaya, Indonesia	Jul 2023 - Jul 2027 (Expected)
<i>Undergraduate in Data Science & Analytics, 3.88/4.00</i>	

Organisational Experience

Welcome Grateful Generation 2024 - Petra Christian University	Jul 2024
<i>Member of Consumption Division</i>	

An annual university orientation program designed to welcome approximately 1,500 new students into the Petra Christian University community.

- Contributed to the vendor selection process by organizing food tenders and tasting sessions to ensure quality and budget compliance.
- Managed food and beverage logistics, coordinating with multiple vendors to finalize menus, dietary requirements, and delivery schedules.
- Organized and executed the on-site meal distribution flow, ensuring the timely and orderly delivery of consumption.

Turn The Page 2025: "Rewrite Your Story" - Petra Christian University	Mar 2025
<i>Member of Transportation, Logistics, and Security Division</i>	

Community service collaboration between UKM Matrapenza and UKM Pengembangan Diri, focused on raising awareness about the dangers of drug abuse for students at SMPN & SMAN Surabaya attended by 150+ participants.

- Managed the preparation, setup, and technical validation of all audiovisual equipment and presentation materials for the Technical Meeting and at multiple school venues.
- Coordinated venue safety and managed participant flow to maintain an orderly, safe, and secure environment during event shifts at various SMPN & SMAN locations.
- Executed transportation plans and arrangements, ensuring the safe and punctual movement of committee members to and from multiple school venues across Surabaya.

Chess Club 2024/2025 - Petra Christian University	Jun 2024 - May 2025
<i>Functionaries of Event Division</i>	

A student activity unit focused on developing strategic thinking and competitive chess skills for members through regular training, sparring, and tournaments.

- Developed promotional strategies for the annual Open House, including conceptualizing video Reels and planning a live performance to attract new members.
- Designed and prepared comprehensive event materials, including activity rundowns (RDBD), chess theory presentations, and quizzes for internal club activities.
- Served as a Master of Ceremony (MC) and speaker during club gatherings, delivering presentations and clearly explaining chess materials and strategies to members.

Skills, Achievements & Other Experience
