Jl.Rungkut Mejoyo Selatan | AJ8, Rungkut, Kota Surabaya,Indonesia

Profile

I am a fifth semester Informatics Engineering student at Universitas Surabaya. I have developed my skills in Software Engineering and Web Development, It gained through various academic projects. Alongside technical expertise, I have developed strong teamwork, communication, and adaptability skills through active participation in organizations and multiple committees. Additionally, I am currently leading an event focused on programming and logical competition, further enhancing my leadership and problem-solving abilities. I am eager to continue improving my expertise and gaining valuable experience in a professional environment.
